**Please find below a communication from the EXAMINER in charge of this application.**

**Commissioner of Patents**

The reply filed on 18 September of 2000 is not fully responsive to the prior Office action because a substitute specification in proper idiomatic English is **required**. The text cited in Paper Number 7 was only **exemplary** of the problems with the instant specification. Since the period for reply set forth in the prior Office action has expired, this application will become abandoned unless applicant corrects the deficiency and obtains an extension of time under 37 CFR 1.136(a).

The date on which the petition under 37 CFR 1.136(a) and the appropriate extension fee have been filed is the date for purposes of determining the period of extension and the corresponding amount of the fee. In no case may an applicant reply outside the SIX (6) MONTH statutory period or obtain an extension for more than FIVE (5) MONTHS beyond the date for reply set forth in an Office action. A fully responsive reply must be timely filed to avoid abandonment of this application.
